Unit 1.
2022 TSI 16 in. x 18 in. Pipeline Pig Launcher

Manufacturer: TSI (Hamshire, Texas)
Equipment Type: Pipeline Pig Launcher / Pigging Vessel
Year: 2022
Size: 16 in. x 18 in.
Serial Number: 001
Maximum Pressure (TSI Plate): 2,100 PSI
Closure Manufacturer: TDW (T.D. Williamson)
Closure Model: D2000 Quick-Acting Closure
Closure Size: 18 in. (450 mm)
Closure Part Number: 12342348
Closure Serial Number: 180CD017

Design Codes – Pressure

ASME B31.4/B31.8

CSA Z662 CAT 11

MAWP 1480 PSI 102 BAR

Overall Length: 190”

Full Spec Lists available upon request to roygreen@ritchiebros.com

Unit 2.

2022 TSI 16 in. x 18 in. Pipeline Pig Launcher

Manufacturer: TSI (Hamshire, Texas)
Equipment Type: Pipeline Pig Launcher / Pigging Vessel
Year: 2022
Size: 16 in. x 18 in.
Serial Number: 002
Maximum Pressure (TSI Plate): 2,100 PSI
Closure Manufacturer: TDW (T.D. Williamson)
Closure Model: D2000 Quick-Acting Closure
Closure Size: 18 in. (450 mm)
Closure Part Number: 12342348
Closure Serial Number: 180CD017

Design Codes – Pressure

ASME B31.4/B31.8

CSA Z662 CAT 11

MAWP 1480 PSI 102 BAR

Overall Length: 190”

Asset Description

2022 TSI 16 in. x 18 in. Pipeline Pig Launcher, skid-mounted horizontal steel pressure vessel, 2,100 PSI maximum pressure per TSI identification plate, TDW D2000 18 in. quick-acting closure, hinged access door, multiple flanged pipeline connections, pressure fittings, lifting lugs, adjustable steel support stands, and heavy-duty fabricated steel skid base.

Designed for pipeline pigging operations, including launching cleaning, maintenance, and inspection pigs into pipeline systems.

Condition: Used. Exterior painted black with visible surface rust on select flanges, fittings, and identification plate mounting areas. Appears substantially complete based on photographs. Operational condition, pressure certification, and inspection status have not been verified.
