Unit 1.

2022 TSI 6 in. x 8 in. Pipeline Pig Launcher

Manufacturer: TSI – Hamshire, Texas
Equipment Type: Pipeline Pig Launcher / Pigging Vessel
Year: 2022
Size: 6 in. x 8 in.
Serial Number: 009
Maximum Pressure (TSI Plate): 2,150 PSI
Closure Manufacturer: T.D. Williamson (TDW)
Closure Model: D2000 Quick-Actuating Closure
Closure Size: 8 in. (200 mm)
Closure Part Number: 12340914
Closure Serial Number: 08UFD050
Closure MAWP: 1,480 PSI (102 bar)
Manufacture Date: May 4, 2022

Design Codes – Pressure

ASME B31.4/B31.8

CSA Z662 CAT 11

MAWP 1480 PSI 102 BAR

Overall Length: 158”

Full Spec Lists available upon request to roygreen@ritchiebros.com

Unit 2.

2022 TSI 6 in. x 8 in. Pipeline Pig Launcher

Manufacturer: TSI – Hamshire, Texas
Equipment Type: Pipeline Pig Launcher / Pigging Vessel
Year: 2022
Size: 6 in. x 8 in.
Serial Number: 008
Maximum Pressure (TSI Plate): 2,160 PSI
Closure Manufacturer: T.D. Williamson (TDW)
Closure Model: D2000 Quick-Actuating Closure
Closure Size: 8 in. (200 mm)
Closure Part Number: 12340914
Closure Serial Number: 08UFD032
Closure MAWP: 1,480 PSI (102 bar)
Manufacture Date: May 4, 2022

Design Codes – Pressure

ASME B31.4/B31.8

CSA Z662 CAT 11

MAWP 1480 PSI 102 BAR

Overall Length: 159”

Full Spec Lists available upon request to roygreen@ritchiebros.com

Asset Description

2022 TSI 6 in. x 8 in. Skid-Mounted Pipeline Pig Launcher, S/N 009, 2,150 PSI maximum pressure per TSI identification plate, 8 in. TDW D2000 quick-actuating closure, hinged access door with pressure warning safety lock, ASME B31.4/B31.8 closure design codes, CSA Z662 Category II, horizontal steel pressure vessel, flanged pipeline connection, pressure fittings, adjustable steel support stands, and heavy-duty fabricated steel skid base.

Condition: Used. Black-painted steel exterior with minor surface rust and paint wear visible around closure components, fasteners, and flanged connections. Appears substantially complete. Operational condition, pressure testing, and certification status have not been verified.
