

CONTAINER CLEANING FORM

Clean Harbors Environmental Services has cleaned container # 13016

of previous product per our Container Cleaning Standards & Guidelines to the best of ability.

Clean Harbors Environmental Services has used all methods of cleaning available to remove the previous product from the Container and has visually inspected the Container to verify its cleanliness.

Due to the characteristics of carbon steel and the porous surface of that material Clean Harbors Environmental Services is unable to warranty the cleanliness of the above mentioned Container, and therefore makes no other guaranties to its cleanliness other than visual inspection.
