Recall #: U04 | 2009-2012 DS/DX FRAME BRACKET Recall Date: 2018 Mar 16

Recall Description
The front fuel tank strap frame T -Slot bracket on the above-mentioned vehicles may corrode permitting the front fuel tank strap to detach. With the front fuel tank strap detached, the rear strap primarily secures the fuel tank, however, the front of the fuel tank may be allowed to lower several inches.

Remedy
FCA US will conduct a voluntary safety recall to install a fuel tank strap reinforcement bracket on all of the involved vehicles. If the fuel tank strap is found to be disconnected from the original frame bracket, the front and rear fuel tanks straps as well as the locking nuts, will be replaced.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact DODGE or visit **Dodge's website.** (https://www.mopar.com/en-ca/my-vehicle/recalls/search.html)

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at **http://apps.icbc.com/registration/vchr/Limitation.html**.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report.
