CASE 586/588H & NEW HOLLAND F50C FORKLIFT CAB

Part #71843

*The official OEM cab for over 20 years is now exclusively available as aftermarket equipment through CIT.
The CIT Cab can no longer be ordered through the factory.*

Cab Features & Inclusions

- **Windshield:** Hinged top for steering column access, tinted tempered glass, dual wipers
- **Side Panels:** Angled for space & visibility, bolt-on, tinted tempered quarter windows
- **Doors:** Wide left & right, keyed locks match ignition, partial/full open latch
- **Rear Panel:** Bolt-on, tinted tempered glass, single wiper
- **Roof Panel:** Bolt-on over canopy, tinted tempered glass
- **Heater:** Three-speed fan, 35,000 BTU / 400 CFM
- **Electrical:** Fused electrical harnesses
- **Documentation:** Layout print with parts list

Optional Equipment (BIC Group)

- **Defroster Fan Kit:** Variable speed, mounts to left front grab handle, includes wiring, 20 min install
- **AC Package:** Heavy-duty, mounts behind seat, radiator-mounted condenser, all components included

Installation Details

- CIT does not install cabs – cabs installed by customer or Burlington Installation Corp
- Approx. time: 8–10 hrs (4–6 hrs experienced installers)
- Requires removal of brush guards on New Holland model
- No welding or repainting required
- Standard/optional lights & wiring remain unchanged
- Does not void forklift ROPS certification
