CERTIFICATION OF STRUCTURAL INSPECTION

Equipment:	Telescopic Crane	RFI Report Number:	
Make:	WELDCO BEALES MFG	Inspection Date:	April 10, 2025
Model:	WHL45TC100	Inspection Due:	See below
Serial Number:	3W47595-1	Unit 1:	340
Capacity:	45 Ton	Unit 2:	N/A

On April 10, 2025, our technical staff non-destructively examined the aforementioned equipment in accordance with Red Flame Industries procedures and industry standard practices. Upon final inspection of the equipment and any repairs recommended or performed, no unacceptable defects were noted.

Based on the results of our final inspection, it is our opinion that the inspected components are safe for use within the original manufacturer's specifications.

This certification is valid for a period of 1 year or until the equipment has been damaged by handling, transportation, or operation. In Saskatchewan, this certification is valid for a period of 2 years or 1800 hours of operation, whichever comes first.

EGBC Permit Number 1000837
 APEGs Permit Number 66090

APEGA Permit Number P6717
 APEGM Permit Number 6731
