Buyer Declaration of Responsibility
Ritchie Bros Auctioneers Auction, Meppen November 18th, 19th 2026

"The Buyer hereby declares that he/she has been informed by the Auctioneer of the fact that the "Equipment" comprises machines without a certificate of conformity and that do not have EC-type approval, because even if the machines are not disabled and are functioning, they do not conform to the requirements of article 23 of Legislative Decree no. 81/2008 and are delivered without documents and/or routine testing and any other items required by law for the purpose of their use as Equipment.

Said machines do not conform to and do not have the minimum safety requirements required by applicable laws and no guarantee is provided in this regard. The Buyer acknowledges that he/ she has been informed by the Auctioneer that Same Deutz-Fahr Italia Spa does not provide any guarantee regarding any requirement about conformity, exhaust emission, homologation or other laws on Machinery applicable in countries outside the ECC. Therefore, the Buyer is aware of and has been informed that the Equipment cannot be used as such, because the necessary safety devices and systems and documents as of the previous point are missing, and the Equipment may only be disassembled, with all expenses and responsibility undertaken by the Buyer, to obtain spare parts and material; it is strictly forbidden to use the Equipment as machines, machinery (regardless of the name), work equipment or as any other item that is not a spare part or material.

The Equipment is sold, and therefore purchased by the Buyer – that hereby accepts – only in order to obtain material and spare parts, that comprise assets with their own autonomous market value and as such are placed on sale and purchased. Considering the intended and functional use of the machines, that may not be changed, disassembly and assembly shall be overseen by the Buyer, or its appointed operators, that will undertake all expenses and responsibilities, in compliance with any applicable laws, holding harmless and indemnifying the Owner and Auctioneer against any liability whatsoever.

In signing this statement, the Buyer accepts the above in full and authorizes the Auctioneer to give a copy of this
statement to the Owner."

Yours faithfully
