🔍 **Learn more about this recall**

Description: Some 2019-2021 MY Ram ProMaster vehicles equipped with the 62TE transmission may not allow the park pawl to fully engage the park gear due to debris interference.

A partially engaged park pawl may lead to a vehicle roll away increasing the likelihood of a vehicle crash without prior warning and/or injury to those in or around the vehicle.

Remedy: FCA US will conduct a voluntary safety recall on all affected vehicles. For vehicles in FCA US Recall ID 44A, FCA US will update the Powertrain Control Module calibration software, and inspect, and if necessary, replace, the transmission or components within the transmission. As the interim repair, for vehicles in FCA US Recall ID 61A, FCA US will update the Powertrain Control Module calibration software. Once the final repair for vehicles in FCA US Recall ID 61A becomes available, FCA US will update the Powertrain Control Module calibration software, and replace components within the transmis

➤ [Learn more about this recall](#)

Description: Federal Motor Vehicle Safety Standard (FMVSS) No. 571.111 S6.2.6 requires that "The rear visibility system default to the rearview image being visible and meet the requirements of FMVSS No. 571.111 S6.2.1 (field of view) and S6.2.2 (image size) at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected..." Suspect vehicles may not display the rearview image during a backing event under certain conditions.

A rearview image that is blank/black/blue or inverted reduces the driver's view of what is behind the vehicle. A blank/black/blue or inverted screen will appear in place of the rearview image. If the driver does not heed the blank/black/blue or inverted s

Remedy: FCA US will conduct a voluntary safety recall for all affected vehicles to replace the rearview camera.

FCA US LLC

Manufacturer Safety recall issued

- NHTSA #25V-720

- Recall #67C 2018-2026 VF ENGINE COMPARTMENT FIRE

- Status: Remedy Not Yet Available

Click here for a copy of the owner letter for this Recall or call 1- 800-853-1403 if you have any questions or need additional information on this recall.

➤ [Learn more about this recall](#)

Description: Some 2018-2026MY Ram ProMaster vehicles built for fleet sale may have been assembled with a cooling fan module which is susceptible to premature bearing wear and inadequate fuse protection. Certain extremely demanding fleet duty cycles can cause premature bearing wear resulting in high current draw combined with inadequate fuse protection on the 400W fan circuit which may lead to a vehicle fire.

A vehicle fire can result in increased risk of occupant injury and/or injury to persons outside the vehicle, as well as property damage.

Remedy: FCA US will conduct a voluntary safety recall on all affected vehicles to replace the cooling fan module and a fuse, and provide an owner's manual addendum and label for the Power Distribution Center (PDC).

Glossary

Accident Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2021 edition, 5% of the 276 million registered vehicles in the U.S. were involved in an accident in 2019. Over 77% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 5/7/26 at 1:43:28 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Commercial

Vehicle was registered for business purposes.

Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles

manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Repossession

When a repossession occurs a vehicle owner fails to make loan payments, and the financial institution holding the title takes possession of the vehicle.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
