

EC Conformity Declaration

within the terms of the EC Machinery Guideline 98/37/EC, Appendix II A

We hereby declare that the

Mobile crane

Type : 630 M
Serial no. : 630.0.251
Year of manufacture : 2007

in the form marketed by us complies with the relevant conditions:

- EC Machinery Guideline 98/37/EC
- EMC Guideline 89/336/EEC of 3.05.89 with the change guideline 92/31/EEC of 28.04.92 and 93/68/EEC of 22.07.93
- Outdoor guideline 2000/14/EC (tested according to Appendix VII)
- Exhaust gas emissions according to 97/68/EC level 2

Harmonised standards taken into account:

EN 292 part 1 and part 2 (Safety of machinery)

EN 294 (Safety distances to prevent contact with danger areas of upper limbs)

EN 394 (Minimum distances to prevent crushing of body parts)

National standards and technical specifications taken into account, in particular:

DIN 15018 (Cranes – principles for steel supporting structures, calculation)

DIN 15019 (Cranes - stability)

DIN 15020 (Lifting gear – principles for rope drives)

DIN EN 13000 cranes

BGV D8, BGV D6 (Accident prevention guidelines, winch, lifting and towing equipment, cranes, load-bearing equipment)

This declaration is rendered invalid should the machine be altered in any way not approved by our company.
