Telehandler needs to be jumped. Contractor left key on through the weekend. Lift is located in back of property and they cant pull any vehicles around to jump start it.

Lift is at property next door to 4313 SE Violet Ct.... property under construction does not have visible address yet. Jose is contact....please connect with him to identify exact location....(785)207-8519

Action Taken:

Took a jump box and a spare battery with me to jump it, didn't realize it had 2 batteries so had to use jumper cables too, let it run for a few minutes before i left to make sure it was charging, let the workers know to leave it running for a hour or so to charge the batteries up

Comments:

the left rear wheel seal is beginning to show some signs of leaking just a little bit. I'm not sure if its the axle or hub seal. other then that its in pretty good shape.

it still has 120 hours to go before it is due for service.

Work requested:

Forklift is at jobsite south of Lawrence. Contractor called on Saturday and said boom will go in/out but will not go up/down. Please send someone to check it out. I am emailing initial work-order that includes directions for job-site.... new house construction and actual address wont pull up on GPS.

Contractor: Suyapa Murillo (573)999-5247

Comments:

Checked out this lift everything was working other than the fork tilt. The dial that controls fork speed was turned all the way down.I returned it to full tilt speed and it works great!
