GREENFREIGHT UNRESERVED RETIREMENT AUCTION

Driver Fatigue & Distraction Monitoring System

Unit serial number	**P1002260-S00027175**

This vehicle is fitted with a Guardian Driver Fatigue & Distraction Monitoring System, designed to detect signs of driver fatigue and distraction and provide in-cab alerts.

Continued use and licence transfer

Purchasers wishing to retain and continue using the existing Guardian system should contact Telematics Solutions directly to arrange transfer of the unit into their name, establish account and billing arrangements, and obtain access to the Guardian portal and ongoing monitoring services.

Any licence, subscription or ongoing monitoring arrangements are to be made directly between the purchaser and Telematics Solutions. These are not included as part of the auction sale.
