Have you heard about MyDealer yet? We have a great new way to help you stay connected to your equipment. Either mobile or laptop - look up parts, order them online, view past purchases, or book a service appointment, you are in control. Ask a parts or service member about MyDealer today!

SEGMENT# 1 C 43536 NA 10/25/24 10/25/24

Multiple issues

CORRECTION:

- Take a spool valve from another header in our second yard and swap it with customer's header.
- Fix the PTO drive shaft covers, they were rattling. Used other tubes cuts to fill the gaps and hold with clamps.
- The reel lift cylinders were not synced, the center cylinder was lifting first. Bled the hyd system and make all 3 cylinder work together.
- The multicoupler was leaking, clean up and identify what was causing it. Found 2 broken o-rings. Customer said I could borrow 2 coupler from another pickup he has, changed them, but it was still leaking a bit. Found out one coupler had the o-ring broke as well.
- Get in touch with parts and drive to Falher to get 2 new couplers.
- Install the new couplers and put back on the pickup the pair of couplers I have borrowed.
- Test all functions on the header and everything seems to be working good now.
