Recall #: 42G8 | REAR AXLE TRAILING ARM INLAY INSTALLATION Recall Date: 2015 Apr 07

3VW1K7AJ9BM009601

Recall Description

This recall does not address a vehicle design or manufacturing defect; rather, the potential for this defect to be present can only occur after your vehicle has sustained damage to rear axle components as described below, and only if the damage is not properly repaired. Our records show that you are the owner of a vehicle that could possibly be affected by this issue...If your vehicle had sustained damage to rear axle components (from a rear or side-rear impact crash or after striking a high road obstacle while driving in reverse at higher speed) and a repair facility did not correctly diagnose/repair rear axle trailing arm damage, the durability of the trailing arm(s) could be reduced. This can lead to a sudden fracture of the trailing arm, a loss of vehicle control, and a crash without warning.

Remedy

Volkswagen will inspect the rear axle and install a sheet metal inlay on the rear axle trailing arms.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact VOLKSWAGEN or visit **Volkswagen's website.** (https://www.vw.com/en/owners-and-services/about-my-vehicle/recalls.html)

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at http://apps.icbc.com/registration/vchr/Limitation.html.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada.
