Open Recalls

Recall #: ALG | - Certain 2006 Model Year Lexus IS and GS Vehicles & Certain 2004 through 2006 Model Year RX Vehicles Brake Master Cylinder Cup Replacement Recall Date: 2010 Oct 21

Recall Description

Toyota is recalling certain Model Year 2005-2006 Avalon, Model Year 2004-2006 Highlander, Model Year 2004-2006 Lexus RX, and Model Year 2006 Lexus GS and IS vehicles. Brake fluid containing polymers is used that acts as lubricants for certain brake system components. If replacement brake fluid is used that does not contain such polymers, or that contains only small amounts, a part of the rubber seal located at the rear of the brake master cylinder may become dry, and the seal may curl during movement of the piston. If this occurs, a small amount of brake fluid could slowly leak from the seal into the brake booster.

Remedy

Dealers will replace the seal with a newly designed one. This service will be performed free of charge. The safety recall began on November 15, 2010. Owners may contact Toyota at 1-800-331-4331 and Lexus at 1-800-255-3987.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact LEXUS or visit [Lexus's website](https://www.lexus.ca/lexus/en/maintain-your-lexus/campaigns). (https://www.lexus.ca/lexus/en/maintain-your-lexus/campaigns)

Recall #: BLC | - Certain 2004 - Early 2007 Model Year RX 330, RX 350 and RX 400h Vehicles Driver's Side Floor Carpet Cover and Retention Clip Recall Date: 2011 Feb 24

Recall Description

Toyota is recalling certain Model Year 2004-2006 Highlander, Highlander Hybrid, and Model Year 2004-2007 Lexus RX330, RX350, and RX400h vehicles. If the forward retention clip used to secure the floor carpet cover, which is located in front of the center console, is not installed properly the cover may lean toward the accelerator pedal and interfere with the accelerator pedal arm.

Remedy

Dealers will replace the floor carpet cover with a newly designed one free or charge. Owners may contact Toyota at 1-800-331-4331.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact LEXUS or visit [Lexus's website](https://www.lexus.ca/lexus/en/maintain-your-lexus/campaigns). (https://www.lexus.ca/lexus/en/maintain-your-lexus/campaigns)

Recall #: BLG | - Certain 2004 and 2005 Model Year ES 330 and RX 330 and Certain 2006 Model Year RX 400h Vehicles - 1MZ-FE/3MZ-FE V6 Engine Crankshaft Pulley - Remedy Available

Recall Date:
2011 Nov 09

Recall Description

Toyota is recalling certain Model Year 2004 Avalon vehicles; 2004 and 2005 Camry, Camry Solara, Highlander, and Sienna vehicles, 2006 Highlander Hybrid; 2004 and 2005 Lexus ES330 and RX330; and 2006 Lexus RX400h vehicles manufactured from June 1, 2004 through March 31, 2005, equipped with the 1MZ-FE or 3MZ-FE engine. The amount of adhesive agent applied between the outer ring and the torsional rubber damper (inner ring) in the crankshaft pulley may be inadequate. If the adhesive is insufficient, there is a possibility that the outer ring may become misaligned and it may not properly rotate with the inner ring, causing noise and/or illumination of the battery discharge indicator light.

Remedy

Toyota will notify owners, and dealers will check the crankshaft pulley to identify whether it was produced by the U.S. supplier. If so, the dealer will replace the pulley with a new one at no charge. Owners may contact Toyota at 1-800-331-4331.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact LEXUS or visit [Lexus's website](https://www.lexus.ca/lexus/en/maintain-your-lexus/campaigns). This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
