This vehicle history report is based on [information](https://www.carfax.ca/vehicle-history-data) (https://www.carfax.ca/vehicle-history-data) that was reported and available to CARFAX Canada as of May 11, 2026 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

Vehicle History Report

Accident/Damage

INCIDENT DATE	DETAILS	AMOUNT

Open Recalls

Recall #: Z46 | 2014-2019 DS, 2012-2014 LX, & 2011-2021 WK 3.0L Di Recall Date: 2022 Jun 16

Recall Description

Some 2014-2020 MY Jeep Grand Cherokee vehicles equipped with a 3.0L diesel engine may have been built with a high pressure fuel pump ("HPFP") that could fail prematurely. A HPFP failure may introduce internally failed component debris into the fuel system potentially causing fuel starvation.

Remedy

FCA US will conduct a voluntary safety recall on all affected vehicles to replace the HPFP, and inspect and, if necessary, replace additional fuel system components.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact RAM or visit [Ram's website](https://www.mopar.com/en-ca/my-vehicle/recalls/search.html). (https://www.mopar.com/en-ca/my-vehicle/recalls/search.html)

Recall #: 66A | 2014-2019 DS & 2014-2020 WK LOSS OF CRANKSHAFT POS Recall Date: 2023 Jun 15

Recall Description

The magnetic material attached to the reluctor wheel provides a signal to the crankshaft position sensor. If this signal material is lost, the engine loses its ability to synchronize injector pulses and cam timing. This loss of crankshaft position can result in an engine stall, as well as loss of the ability to restart the engine.

Remedy

FCA US will conduct a voluntary safety recall on all affected vehicles to update the powertrain control module software (FCA US Recall ID 66A) or, in some cases, replace the tone wheel (FCA US Recall ID 73A). In cases wherein the Approved Emissions Modification was not installed in Subject Vehicles owned or leased by an Eligible Owner or Eligible Lessee who did not request such installation pursuant to paragraph 23 or did not accept Defendants' offer to install pursuant to paragraphs 37 and 38, wherein such capitalized terms and paragraph references are part of that certain Consent Decree order

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact RAM or visit [Ram's website](https://www.mopar.com/en-ca/my-vehicle/recalls/search.html). (https://www.mopar.com/en-ca/my-vehicle/recalls/search.html)

Stolen Vehicle Check

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
