ANNUAL CERTIFICATION – STRUCTURAL INSPECTION

Equipment	Telescopic Crane	Job/Report #	BW-10534
Make	WBM	Inspection Date	May 28, 2025
Model	WHL40TC97	Inspection Due	May 28, 2026
Serial Number	3-103696-1	Unit#	308
Capacity	40T		
Inspector Name (NDT)	Brent Woods		
Applicable Notes			

Icon Energy Services Ltd's technical staff performed visual and non-destructive examination of accessible structural load bearing components on the aforementioned equipment in accordance with Icon Energy Services Ltd's procedures, industry standard practices, and/or OEM recommendations as applicable. Upon final inspection of the equipment and any repairs recommended or performed, no unacceptable defects were noted.

Based on the results of our final inspection and assessment, it is our opinion that the aforementioned equipment is structurally safe for use with regular inspections as per the standards and regulations below as applicable.

Note: BC OHSR Regulations require an additional mechanical and control certification not covered by this certification document.

This Certification is Valid for 1 Year
