Open Recalls

Recall #: N100367 | CHILD RESTRAINT TOP TETHER ANCHOR NOT ACCESS FOR FRONT CENTER SEATING POSITION

Recall Date: 2010 Dec 06

Recall Description

GM is recalling certain model year 2004-2011, Chevrolet Colorado, GMC Canyon, model year 2006, Isuzu i-280/i-350, and model year 2007-2008, i-290/i-370, regular cab vehicles and extended cab vehicles without a rear seat and equipped with a front 60/40 split bench seat. These vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard No. 225, "Child Restraint Anchorage Systems." The top tether anchor for the front center seat is not accessible and the owner manual does not include instructions regarding how to use the top tether.

Remedy

Dealers will cut a hole into the back panel trim cover to allow access to the top tether anchor for the front center seat position and will provide supplemental information as to use in the owner's manual free of charge.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact CHEVROLET or visit [GM's website](https://my.gm.ca/gm/en/recalls). (<https://my.gm.ca/gm/en/recalls>)

ICBC Disclaimer

The information supplied by ICBC is a report of the vehicle's status and the vehicle's claims history. Vehicle status shows whether a vehicle is qualified to be licensed and is used to track:

- vehicles sold by insurance companies as salvage
- salvage vehicles which have been rebuilt, inspected, and relicensed
- wrecked vehicles that have been decommissioned and can only be resold for parts

The vehicle status may not represent the vehicle accurately for a number of reasons, including a written-off vehicle that hasn't been reported to the B.C. vehicle registry or a vehicle with major damage that was repaired by its owner. The vehicle claims history is a report of vehicle damage and includes repairs paid by ICBC and outstanding damage estimates. It may be incomplete for various reasons, including the owner did not make a claim to ICBC or ICBC has denied the claim. In addition, the estimate information may not necessarily reflect the actual cost of repairs, list the area of the vehicle that sustained the greatest force of impact, or indicate the primary area of damage.

Consumers are encouraged to read ICBC's full statement of limitations at <http://apps.icbc.com/registration/vchr/Limitation.html>.

ICBC recommends the vehicle be inspected by a qualified mechanic to obtain a more complete assessment of the vehicle's condition.

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report.
