INSPECTION CERTIFICATE

CERTIFICATION OF: Corner Mount Picker

MAKE: Auto Crane

MODEL: HC-6

SERIAL NUMBER: HC6-1117-208

UNIT NUMBER: 41327

CAPACITY: 6000 lbs

OWNER: Finning Canada D11 Branch 36

Rees NDT Inspection Services 2008 Ltd. performed a VISUAL AND NON-DESTRUCTIVE TESTING inspection on the above mentioned CORNER MOUNT PICKER. All observations have been recorded and are disclosed in the complete documentation for Rees NDT Work Order #226244. The scope of this certificate is limited to the inspection of the item's structural condition at the time of inspection and does not imply a review of the equipment's design or its associated capacity rating. The capacity noted above reflects the original equipment manufacturer's maximum capacity rating and may be reduced by operating conditions, regulatory requirements and the use of auxillary equipment that has a lower capacity rating.

The undersigned Engineer reviewed all the inspection reports and has issued this certificate after all required repairs (if any) were completed. In the undersigned Engineer's opinion, the CORNER MOUNT PICKER may be returned to service and is safe to use within the original manufacturer's specifications. The equipment owner is obliged to supply the OEM's operating instructions with the equipment and maintain the OEM's identification and capacity markings. If OEM information cannot be obtained, certified replacements must be obtained from a Professional Engineer.

This certification covers the above mentioned unit for a period of 1 YEAR from the date of inspection, or until the unit is damaged by handling, transportation or operation.
