Stony Inspection Services Job: 64848

Dear Sir/Madame:

An inspection of the structural elements of the above telescopic/articulating picker was completed by Stony Inspection Services, acting under our direction (Stony Inspection Services Job 64848, dated 20 September 2026, copy attached). The inspection was structural only; no load tests or operational tests were performed. In addition to this structural inspection, the owner and operator are responsible for complying with original equipment manufacturer specifications, OH&S regulations, and the applicable CSA Z-150 and/or ASME B30.5 codes with respect to all inspection, maintenance, and operations of the unit.

Based on this inspection, the above unit is considered structurally fit for continued service.

Yours truly,
