INSPECTION CERTIFICATE

CERTIFICATION OF: Telescopic Picker

MAKE: National Crane

MODEL: Series 1100

SERIAL NUMBER: 2835

CAPACITY: 60000 lbs

OWNER: Edge Energy Logistics

Rebel NDT Inspections Ltd performed a VISUAL AND NON-DESTRUCTIVE TESTING inspection on the above mentioned TELESCOPIC PICKER. All observations have been recorded and are disclosed in the complete documentation for Rebel NDT Work Order #1012704. The scope of this certificate is limited to the inspection of the item's structural condition at the time of inspection and does not imply a review of the equipment's design or its associated capacity rating. The capacity noted above reflects the original equipment manufacturer's maximum capacity rating and may be reduced by operating conditions, regulatory requirements and the use of auxiliary equipment that has a lower capacity rating.

The undersigned Engineer reviewed all the inspection reports and has issued this certificate after all required repairs (if any) were completed. In the undersigned Engineer's opinion, the TELESCOPIC PICKER may be returned to service and is safe to use within the original manufacturer's specifications. The equipment owner is obliged to supply the OEM's operating instructions with the equipment and maintain the OEM's identification and capacity markings. If OEM information cannot be obtained, certified replacements must be obtained from a Professional Engineer.

This certification covers the above mentioned unit for a period of 1 YEAR from the date of inspection, or until the unit is damaged by handling, transportation or operation.
