## EQUIPMENT CERTIFICATION

<b>Equipment:</b>	<b>Aluminum Spreader Bar</b>
<b>Manufacturer:</b>	<b>Comet Welding Ltd.</b>
<b>Model:</b>	<b>84" to 192" 4-piece</b>
<b>Capacity:</b>	<b>22 Ton</b>
<b>Serial Number:</b>	<b>MLC-43390 10/2025</b>

The above spreader bar was examined in detail on February 24, 2026 at Comet's shop in Lacombe. Visual inspections were completed on the lug cap, main boom, (2) extension boom sections, lift lugs, and pin holes.

Based on the inspections, it is our opinion that the unit is safe to operate within its rated capacity when used in accordance with the manufacturers' specifications and/or industry standards.

This certification is valid for a period of 1 year or until the unit has been damaged structurally by either handling or operation. Unengineered structural modifications to this unit will void this certification.

<b>PERMIT TO PRACTICE</b> <b>MAPLE LEAF CONSULTING INC.</b>
Signature <u>Everett M. Gusek, P. Eng.</u>
Date <u>February 24, 2026</u>
<b>PERMIT NUMBER: P 7117</b>
