The rear head and some of the front head as well.

Notes

Company Name:	<u>Hirt's Vacuum Truck Service Ltd.</u>
Reference Number:	<u>SE1306</u>
Price of equipment	\$ 10,380.00
GST (5 %)	519.00
Total	<u>\$ 10,899.00</u>

Price estimates are based on cost of material and equipment at time of estimation. Any changes that may occur in these costs between this time and delivery date will be reflected in final billing. Customer will be notified prior to commencement if there has been an increase in material cost to the company. Customer may elect at this time to cancel the order.

All delivery dates are approximate.

Wabash will not be bound by this or any agreement when and to the extent that performance is delayed or prevented by any cause beyond its reasonable control. In the event of unacceptable delays, the customer may terminate the agreement by payment in full to Wabash for labour and material that have accrued to the customer account at the time. The agreement will then be terminated without prejudice by or to either party.

Wabash further reserves the right to cease or refuse work ordered by a customer, if in the opinion of Wabash,

performance of the work in general, or specifically in the manner prescribed by customer might put Wabash in breach of the law or make it subject to an action for liability. Customer will have redress as outlined above.

We ask that you strip your equipment of all hoses, tools, fittings, spare tires, chains, etc., as these are difficult to keep track of and we will not be responsible for these when they are on the equipment.

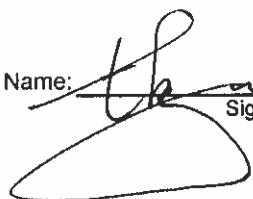

In order to offer the best product available and achieve as accurate delivery date as possible, Wabash Mfg. Inc. requests the following conditions be understood and agreed to by the client before commencement of the project.

- The customer will supply complete and concise information on operational requirements
- Changes to the original service order, before or after commencement of the project, may seriously alter delivery dates and be subject to extra billing over quoted price.
- Paint codes and design if applicable are required before commencement of project.
- In the unlikely event of a project delay due to supplier problems or other unforeseen events, Wabash Mfg. Inc. will notify customer immediately and give a revised delivery date as soon as possible.

Signature required before commencement of service

Price quoted is valid until April 3, 2024

RE: Hirt's Vacuum Truck Services Approved Potable Water Tanks

Safe Healthy Environments is no longer issuing food-handling permits for potable water trucks in Alberta. However, **Public Health Inspectors will continue to conduct tank approvals and monitoring inspections for all potable water tanks and vehicles used in the transportation of potable water (i.e. pup trailers, tankers, etc).**
