Company Name	Sage Creek	Make	K-Line
Equipment Type	Tandem Jeep	Vin #	2K9KB22599L052196
Model	K-line	Kilometers	
Hours		Unit #	21202
Year	2009		

February 6, 2026

Brought the unit into the shop and went over the unit as per cvip inspection list. Needed to remove dust covers to take proper measurements – reinstalled afterwards. Made a list of repairs that would be needed to pass inspection and passed the list off for approval. Once approved I went ahead and cut out the old rotten cross members – went and picked up new materials and returned to the shop. Finished grinding out the old welds and installed new cross members – welded up new cross members and painted.

Built new landing gear bracket for the unit.

February 7, 2026

Diagnosed pneumatic system – found that it was missing the spring brake valve. Plumbed in new system to provide proper function to the boosters braking system. Installed new spring brake valve into the unit. Reinstalled the electrical to the ear lights after adjusting the lines to the airbags.

February 9, 2026

Completed the inspection on the unit and prepared and applied decal.
