

## Engine Emissions Data

This emission data is Caterpillar's best estimate for this rating. If actual emissions are required then an emission test needs to be run on your engine.

|                              |                              |
|------------------------------|------------------------------|
| Serial Number (Engine)       | MYE05764                     |
| Machine Serial Number        | RZA00733                     |
| Engine Manufacturer          | Caterpillar Inc.             |
| Engine Brand                 | CAT                          |
| Sales Model                  | C9.3                         |
| Engine Arrangement Number    | 4217233                      |
| Test Spec Number             | 4150271                      |
| Total Displacement           | 9.3 L                        |
| Advertised Power             | 239.0 kW                     |
| Advertised Speed             | 1800 RPM                     |
| Rated Power                  | 241 kW                       |
| FLS                          | 27                           |
| FTS                          | -28                          |
| Regulatory Engine Build Date | 15-JUL-2013                  |
| Labeled Model Year           | 2013                         |
| Certification Part Number    | 3611882                      |
| EPA Family Code              | DCPXL09.3HPA                 |
| EPA Emissions Level          | EPA TIER 4i                  |
| EU Type Approval             | e11*97/68LA*2010/26*1262*02  |
| EU Emissions Level           | EU Stage IIIB                |
| Regulatory Status            | EPA/ CARB / EU / R120 / MLIT |

|                          |              |
|--------------------------|--------------|
| MLIT Family              | GS-1007      |
| Japan Emissions Level    | MLIT Step 4i |
| UN R120 Type Approval    | 120R-000129  |
| ECM Software Part Number | 433-0977     |
