EQUIPMENT TRAILER 7K MODELS

Features & Benefits

1. **Tool Box, Battery & Masterswitch:**
   Aluminum constructed toolbox houses battery, masterswitch and trailer winch for Powered EZ Load Deck Lowering System.

2. **Safety Cables & Break Away Kit:**
   Connected to vehicle and crossed under the hitch. Breakaway kit will bring trailer safely to a stop by activating brakes should disconnect from tow vehicle occur during transit.

3. **Tongue:**
   Six-inch aluminum C-Channel frame construction for increased strength and robust usage.

4. **Lights & Electrical:**
   All weather-pack automotive style connection sealed to prevent corrosion. Standard LED lighting throughout and RV Style 7-way plug for tow vehicle connection.

5. **Side Rails & Decking:**
   Extruded lightweight aluminum construction with no structural welds gives more strength, lower empty weight and higher payload.

6. **Leaf Spring Axle:**
   Provides even weight distribution and durability.

7. **Tires & Wheels:**
   14” premium aluminum wheels and ST205/75R14 tires.

8. **Tie-Downs:**
   4 stake pockets on each side. Each corner has 4 pre-drilled holes on the L track with D-rings that come standard. Additional D-Ring tie-downs can be purchased.

9. **EZ Load Deck:**
   Deck is at a 4 degree slope with a rear dovetail flare design that allows for easy loading.
