**Item:** Telescopic Knuckle Picker

**Year Boom Dismantled:**

**Make:** Ferrari

**Re-Cert Period:** 1 Year

**Serial Number:** 107910

**Inspection Location:** Bonnyville

**Model:** F261C A6

**Year Manufactured:**

**Unit:** PT-173

**hrs / miles / km:**

**Capacity:** 5125 kg

**Colour:**

BC  AB  SK  MB  ON  QC  NB  PEI  NS  NL  YK  NWT  NV

### Comments

Rebel NDT Inspections Ltd. performed a Visual and Dry Magnetic Particle inspection on the above mentioned Telescopic Knuckle Picker.

Above equipment was cleaned of dirt, oil and grease prior to inspection.

No relevant indications were noted at the time of inspection.

Upon review and approval by our professional engineer (P.Eng) the inspected equipment will be recommended for certification.
