		1000HR FIRE SUPPRESSION INSPECTION FORM (AMEREX)						Mobile Fire Suppression Experts! SALES 780.380.8801 ADMIN 780.380.0005																																																																																																																																																																																																																																																																																																																																																																											
Date	Sep 2, 2026						Machine Hours	18873																																																																																																																																																																																																																																																																																																																																																																											
Client	Zell Industries						F/S Make and Model	Ingersoll Rand VSO 48C																																																																																																																																																																																																																																																																																																																																																																											
Make/Model	Tiger 845N						F/S Serial #	TALC 21118																																																																																																																																																																																																																																																																																																																																																																											
Machine Unit #	2834						F/S Panel Serial #	01-2022 110																																																																																																																																																																																																																																																																																																																																																																											
Machine Serial #	845 12524						F/S Voltage																																																																																																																																																																																																																																																																																																																																																																												
Machine Location	Elk River Camp
