

LETTER OF LAST CONTAINED (LOLC)

Date: 14th of May 2026

To Ritchie Bros. Auctioneers,

This is to confirm that Tank Serial No. 65490, 2700L Tidy Tank, last contained diesel fuel.

The tank has been taken out of service and drained of diesel to the best of our knowledge. It appears the valve was left open after decommissioning, and as a result, rainwater may have entered the tank.

No other products are believed to be present in the tank at this time.

This statement is provided for identification and disposal/auction purposes.

Sincerely,

Damian Jagolicz

Fleet Administrative Assistant
