Unit	Model	Date	Work Order Details
1761	A45G	6/23/2023	Boost unit. Masters and 4 ways left on for days.
1761	A45G	7/7/2023	Look at step, needed new got step brought out and installed
1761	A45G	7/7/2023	Removed damaged step , and installed new step with new hard ware . Checked over unit before sending
			back to work
1761	A45G	7/16/2023	No codes active. Checked oil levels. And took unit for a drive while monitoring pressure and temp. Stayed
			in the normal range the whole time. Did a shake test aswell and couldn't make unit duplicate problem.
			Sent back to work. Ordered new hyd test port as one was leaking
1761	A45G	7/17/2023	-replace leaking remote test port orings -send unit to lube bay to top up hyd oil
1761	A45G	7/19/2023	Replaced test port fittings and orings, run unit and checked for leaks
1761	A45G	8/2/2023	Tight loose guard
1761	A45G	8/16/2023	Complaints of fire extinguisher, falling off Re bent bracket and re secured fire extinguisher
1761	A45G	9/18/2023	Drove out to the oilers pad and cut off bent shackel
1761	A45G	9/19/2023	Fixlines
1761	A45G	10/15/2023	Go to x-4, wait for SXS to take me to unit with booster pack, SXS got stuck, carry booster pack in peat pile
			and boost truck, drive unit to x-4.
1761	A45G	10/18/2023	Repair radios coaux cable, test to ensure it has proper range
1761	A45G	10/21/2023	Look over SCR codes. Forced a burn and everything cleared up.
1761	A45G	10/29/2023	Boost to start - no crank. Troubleshoot no crank - find ground level shutdown tripped. Rest switch and start
			machine.
1761	A45G	11/25/2023	Check over unit
1761	A45G	11/25/2023	Try and start unit. Won't take charge ordered batteries
1761	A45G	12/8/2023	Checked unit over as it went through fuel bay
1761	A45G	12/9/2023	Checked over in fuel bay
1761	A45G	12/11/2023	Unit won't shift into gear. Go to unit inspect found truck parkbrake switch flipped the wrong way rest and
			test all good
1761	A45G	12/12/2023	1761 (updated) Units down Emission fault codes Needs differential pressure sensor (Cross with Kevin on
			parts)
1761	A45G	12/12/2023	Travel to unit and did DPF test and checked the perimeters there was no reading for differential pressure
			trouble shoot and unit needs a new differential pressure sensor
1761	A45G	12/12/2023	Travel around to where wiggles are working and found out the unit is working
1761	A45G	12/13/2023	Inspect unit and found dpf codes order orts

1761	A45G	12/13/2023	Installed the new DPF differential pressure sensor tested good gave unit a manual regen and called unit up
1761	A45G	1/22/2024	Replaced robbed egt probe
1761	A45G	1/25/2024	Start units let warm up move to back of lay down
1761	A45G	1/30/2024	Step crunched Bend back out and looked over all welds
1761	A45G	1/31/2024	Replace def filler neck. Top up def
1761	A45G	2/2/2024	Install new coax connector and mic
1761	A45G	2/3/2024	Horn not working. Check the fuses for the horn was good. Checked other fuses for that circuit windshield
			wiper motor fuse was long. Replaced that fuse. Everything working
1761	A45G	2/4/2024	Inspect unit pull apart def filler line find old filter wedged into tube remove and clean out new screen all
			good
1761	A45G	3/13/2024	Drive to machine through very muddy conditions. Repair wiring from antennae
1761	A45G	4/5/2024	Tshoot and diag codes. Egr no flow read. Clean venturi and perform service regej unit is now up
1761	A45G	5/13/2024	Got to unit field washed found hydraulic hose leaking. Looked up parts and ordered
1761	A45G	5/23/2024	Installed new brake line
1761	A45G	7/20/2024	Troubleshoot ac compressor clutch operation, found loose connected at panel in cab, troubleshoot lights
			not working, troubleshoot engine failure code
1761	A45G	8/12/2024	Drove to unit across bridge at breaker 5, attempted to hook up Volvo computer to unit, tech tool will not
			open, put unit in service mode, found code for transmission lube pressure low, ran out of time to diagnose issue.
1761	A45G	8/12/2024	Drive across bridge to unit. Plug in with Volvo computer. Tech tool would not work. Put unit into service
			mode. Found low transmission lube pressure code. Ran out of time to diagnose
1761	A45G	8/22/2024	Got to unit looked it over and ordered parts step and exhaust stack
1761	A45G	8/29/2024	Replaced broken exhaust stack, welded up cracks in heat shield/mount
1761	A45G	8/29/2024	Replaced broken step
1761	A45G	9/25/2024	Got to unit and repaired coax cable to back of radio
1761	A45G	10/7/2024	Replaced radio , range is now good
1761	A45G	10/28/2024	
1761	A45G	10/28/2024	Checked unit over
1761	A45G	11/11/2024	Unit needed regen. Preformed regen had to regen twice

1761	A45G	11/19/2024	Drove to unit out W4, T/S poor radio reception, checked connections and cable out to antenna, found
			antenna missing and replaced.
1761	A45G	11/27/2024	Operator wrapped cable around tire. Cut cable in various spots, remove cable and asses damage.
1761	A45G	11/27/2024	500 hours service Changing engine oil and engine oil filters, Changing diesel filters and air filters, cab
			filters, Changing hydraulic filters, brake filter, changing transfer box oil , taking oil samples
1761	A45G	11/27/2024	Did 500hr service.
1761	A45G	12/4/2024	Drove to unit, found missing a part to install hard pipe, found fitting broken off in final drive. Extracted
			broken fitting from final. Looked up part for unit and ordered.
1761	A45G	12/4/2024	Drive to unit to begin changing out brake lines, found another part damaged that we need to start repairs.
			Ordered parts.
1761	A45G	12/5/2024	Drove to unit, assisted with replacement of broken off hydraulic brake lines.
1761	A45G		Repairs completed
1761	A45G	12/5/2024	Use easy out and remove broken off fitting inside final. Install new fitting. Remove all 3 old/ broken lines.
			Change out fittings and orings. Install new lines. Check hydraulic oil on unit. Called for hydraulic oil to get
			topped up.
1761	A45G	12/19/2024	Unthawed park brake with my heater found hydraulic line loose under cab fixed leak unit needs steer oil
			topped up.
1761	A45G	12/20/2024	Checked diff oils transmission oil. Unit coded looked up codes found this code needs software update
1761	A45G	12/26/2024	Drive to unit and fix parking brake
1761	A45G	12/26/2024	Four leaking hoses. Ordered hoses and damaged wear indicator plug on rear left axle
1761	A45G	12/26/2024	Tested all the selonoids
1761	A45G	1/4/2025	Change out damaged wear indicator on unit. Tighten loose fitting, fire up unit and check hoses that were
			ordered. Hoses barely sweating. Place hoses in stock.
1761	A45G	1/6/2025	Move heat to better location. Thaw park brake. Made no difference. Got through wiring and inspect
			connectors, all looked good. Tried again after that and pb worked
1761	A45G	1/6/2025	Drove to unit and found heater pointed at side of box. Moved heater and thawed out park brake, inspected
			plugs on park brake solenoid and park brake pressure sensor, inspected brake pads, park brake working
			properly again.
1761	A45G	1/6/2025	Diagnosed park brake the dirt in the box is so wet it's melting and running down on the park brake

1761A4561/17/2025Checked a few things on park brake and ran out of time1761A4561/17/2025Park brake won't release tested spool valve to try to get it to release1761A4561/23/2025Park brake issues1761A4561/23/2025Asses cable wrapped around right hand rear tire, cut damaged section of cable and remove shackles, unwrap cable from around tire. Asses damage done. Found all tines and fittings plus the wear indicator damaged. Lookup and order parts1761A4561/31/2025Remove damaged brake lines, found two fittings on hub broken off inside, extract broken fittings. Install all new fittings and orings, run new lines and install. Button up all clamps etc. Call for hydraulic oil to unit as it's out of the sight glass1761A4562/12/2025Park and ran out of fuel1761A4562/12/2025Complaints of park brake not releasing, got unit running and let wamr up. Press park brake and it released, functioned park brake and drove multiple times with no issue.
