Note: The above noted items are general headings under Schedule 2 of the Commercial Vehicle Safety Regulation (AR 121/2009). The general headings are further broken down in Schedule 2 into specific components and detailed inspection criteria. Refer to Schedule 2 for guidance when conducting maintenance inspections.

Specific vehicles may be equipped or may be required to be equipped with additional items that must be inspected and maintained. Consult the legislation to determine the specific requirements for your vehicle(s). Any equipment or safety systems installed in a vehicle by the manufacturer of the vehicle must be maintained in good working order and in accordance with the manufacturer's specifications.
