Turn your passion into a career with 4wp
 4wp is the leader in the off-road automotive aftermarket. That means we have a thing for trucks, Jeeps, and anything else that can climb, crawl, jump, or race through the dirt. We operate in US and CANADA, with 93 retail stores, 6 U.S. distribution centers, and 1,800 of the best employees in the industry.

In addition to competitive compensation plans, we offer a wide range of benefits. These include supplemental insurance, RRSP, paid holidays, paid vacation, paid sick time, Employee purchase program to also include Polaris Vehicles, and many other perks.

TOTALS

WARNING TO DRIVER: This vehicle has been modified to enhance off-road performance and has unique handling characteristics. Because of the higher center of gravity and/or larger tires and wheels, this vehicle has a higher risk of rollover, and handles and reacts differently than your stock vehicle, both on and off road. *Extreme care should be taken to prevent vehicle rollover or loss of control which can result in serious injury or death.* Avoid sudden sharp turns or abrupt maneuvers. Slow down. Be sure to get comfortable with your newly modified vehicle. Finally, be sure that you and your passengers use their seatbelts at all times—seatbelts save lives!

IMPORTANT MAINTENANCE INFORMATION: It is the customer's sole responsibility to have all nuts and bolts re-checked for tightness and proper fitment within 10 days after delivery, and then every 3,000 miles thereafter. Please return your vehicle to any 4 Wheel Parts location so this can be done for you free of charge. *This is critical for your safety and the safety of the people around you. Failure to do so can result in product malfunction which, in turn, can lead to serious injury or death.* Also, wheel alignment and steering, suspension and driveline systems should be inspected by a qualified mechanic at least every 3,000 miles to ensure the safety of your vehicle.
