To: Kevin Ostafichuk
Cc: Ryan Andrew; Wrenchhead Service; Brian Bittner
Subject: Re: Service request

Rear end shocks or leafs seem to be shot. Not much resistance. Definitely not comfortable going over the smallest bump. Front end makes a sound when braking. Not sure if the brakes are sticking or if there's a greater issue

Warranty Statement

This Jiffy Lube centre warrants all workmanship against failure for 7 days from the date of service. This warranty does not apply when the customer tampers with or alters the centre's products or alters the manufacturer's original equipment or when corrective action is taken without prior written approval from this Jiffy Lube service centre. The customer must have the limited warranty certificate and must retain a sample of the product(s) involved.

350 Leak check and charge 0.75KG R-1234yf — 4 DOREEN Approved

Labour	Description		Type	Amount
350	Leak check and charge 0.75KG R-1234yf		CF10	0.00
Technician	E6369 -	Labour Total		0.00
Cause	Partial charge and check for leaks.			
Correction	Partial charge added to system and components inspected for leaks using refrigerant sniffer. During inspection the sniffer alerted a leak at the A/C condenser, stone damage caused a small leak on the RH side. A/C compressor clutch was also wet. Sniffer alerted a leak behind compressor clutch. Parts quoted. During parts replacement there was no notable sign of internal compressor damage which would require replacement of A/C lines, TXV, Evaporator, Condenser and Compressor. Leak was caught in time to avoid these repairs. After parts replaced system was charged and checked for leaks. No leaks found after repair A/C system operating as designed. 1.0			

Request	Description	Job	CSR	Status
323	Coolant low, topped up needs diag	5	DOREEN	Approved

Labour	Description		Type	Amount
323	Coolant low, topped up needs diag		CF10	0.00
Technician	E6369 -	Labour Total		0.00
Cause	Coolant low, topped up needs diag			
Correction	Coolant pressure tester installed on vehicle at end of day. System pressured up and left in bay over night. No wet spots or pressure drop recorded. System believed to be in good condition at this time. Possible causes for low fluid condition is water evaporation or system bleed up from a previous repair if any have been done. Fluid topped up no charge.

Warranty Statement

This Jiffy Lube centre warrants all workmanship against failure for 7 days from the date of service. This warranty does not apply when the customer tampers with or alters the centre's products or alters the manufacturer's original equipment or when corrective action is taken without prior written approval from this Jiffy Lube service centre. The customer must have the limited warranty certificate and must retain a sample of the product(s) involved.
