

12. Marsh Ranches

The Marsh Ranches team is primarily located in the Touchwood Hills just an hour Northeast of Regina. Teammates Dave Marsh of Marsh 99 Ranch, Marty Virostek and Les Marsh, and Colby Virostek of Czech V7 Ranch run cow/calf operations with their families. Travis McRae grew up ranching in Pincher Creek, AB, which is close to where Marsh Ranches originated.

The skills and teamwork needed to handle the big jobs on the ranches such as branding, weaning and preg checking are evident every time this team comes together by the successful days, year after year.

These cowboys have also enjoyed many days of success in the arena sporting buckles from various ranch rodeos, team roping's, team penning and steer wrestling.

They look forward to competing this year at the Agribition Ranch Rodeo again to demonstrate the skill and teamwork that defines the modern rancher and their commitment to a traditional way of life.
