Hydraulic oil leak

COMPLAINT:

Diagnose leak and advise on repairs

CORRECTION:

IF- once dennis had tractor washed off, take for a drive around for about an hour and could not see the leak, had it running inside, added 65litres of oil to tractor, once drill pdi was complete run both fans and alternator hydraulics and drive tractor qnd drill around yard for about an hour and still didnt see any leaks with oil being hot. talked to rod and he figured leak was from the remotes at the back if one was leaking and when customer drover tractor in and leaked.

-Did find one leak under cab behind the front diff, got permission to fix leak, remove fitting and found no oring there, put oring in place and tighten fitting, drive tractor around building a couple times and no more leaks.
