Labour

Ran machine up to shop pad. Set up lap top onto ECM and checked codes. Trouble shoot problem with blade angle. Code 1870-3. Removed joy stick and checked for parts. Raised tractor and removed front right roller guard because it was falling off. Cut plate and drilled holes to make up washer. Had to cut out broken guard bolts. Tap out threaded holes. Installed roller guard. Installed joy stick and parked machine in yard to wait for parts. Ran tractor into the shop and raised onto stands. Removed right master shoe. Drained oil from right track frame. Removed locks, idler recoil assembly and removed track adjuster. Removed piston. Removed and installed new piston seal. Cleaned grease out of cylinder. Assembled and installed back into recoil spring. Installed stoppers. Installed idler recoil assembly back into track frame. Installed locks and assembled chain. Welded nut on broken master bolt would not come out. Cleaned and installed master shoe. Greased track adjuster. Assembled new joy stick and installed back into console. Repaired wires under console. Installed covers. Start and run machine to check how blade works. Ran outside. Clean up.	20 Hour	\$135.00 / Hour	\$2,700.00 *H
		Sub	\$2,700.00
