Signature:

- Started wiring on A-313 diff

- Mr. Drew out to baytex, diagnosed D-702 low engine oil pressure. Engine oil ^{4 inch} ~~high~~ over fill, drained down + monitored for an hour of run time, engine oil raised 1/8" in one hour. Engine making oil.

- Drove back to shop. Chased wiring on T1-101 + got ~~clear~~ clear light working.
