SAFETY RECALL / RAPPEL DE SÉCURITÉ

N232426400 1GT49MEY6PF126495 14 0008520
GOOD TO GO OILFIELD SERVICES LTD
14424 97 ST
GRANDE PRAIRIE AB T8V 7B7

This notice applies to your vehicle, VIN: 1GT49MEY6PF126495. GT029.

Your vehicle is involved in **SAFETY RECALL N232426400**.

Transport Canada Recall # 2024-061

Dear Good To Go Oilfield Services Ltd:

This notice is sent to you in accordance with the requirements of the *Motor Vehicle Safety Act*. This is to inform you that your vehicle may contain a defect that could affect the safety of a person.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2023 model year GMC Sierra vehicles equipped with power-unlatching tailgates. As a result, GM is conducting a safety recall.

Previously, you were notified that your 2023 model year GMC Sierra vehicle was involved in GM Recall N232426400. This letter is to inform you that parts are now available to repair your vehicle.

IMPORTANT

- Your vehicle is involved in GM recall N232426400.
- Schedule an appointment with your General Motors dealer.
- This service will be performed for you at **no charge**.
- Until the recall is completed, owners should check that the tailgate closed and latched before driving.

Why is your vehicle being recalled?

Under certain conditions water may intrude into these vehicles' tailgates and come into contact with the electronic gate-release switch, potentially causing a short circuit. The gate may inadvertently unlatch while the vehicle is in Park. If the driver does not manually close the gate before beginning a drive, cargo in the bed of the truck may exit the vehicle and become a road hazard, increasing the risk of a crash. Until the recall is completed, owners should check that the tailgate closed and latched before driving.

What will we do?

Your General Motors dealer will replace the exterior touchpad switch assemblies. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 30 minutes.

GOOD TO GO OILFIELD SERVICES LTD

GRANDE PRAIRIE AB T8V 7B7

Le présent avis concerne votre véhicule, **NIV: 1GT49MEY6PF126495**.

Votre véhicule est touché par le **RAPPEL DE SÉCURITÉ** N232426400.
Rappel de Transports Canada n° 2024-061

Monsieur/Madame Good To Go Oilfield Services Ltd:

Le présent avis vous est envoyé conformément aux exigences de la *Loi sur la sécurité automobile*. La présente a pour but de vous informer que votre véhicule est susceptible d'avoir un défaut qui pourrait porter atteinte à la sécurité humaine.

General Motors a déterminé qu'un défaut relatif à la sécurité des véhicules automobiles existe sur certains véhicules GMC Sierra 2023 équipés de hayons à déverrouillage électrique. Par conséquent, GM effectue un rappel de ces véhicules pour des raisons de sécurité.

Vous avez déjà été informé que votre véhicule GMC Sierra 2023 est touché par le rappel GM N232426400. La présente lettre a pour but de vous informer que les pièces nécessaires à la réparation de votre véhicule sont maintenant disponibles.

IMPORTANT

- Votre véhicule est touché par le rappel GM N232426400.
- Prenez un rendez-vous auprès de votre concessionnaire General Motors.
- Ce travail sera effectué pour vous **sans frais**.
- Jusqu'à ce que le rappel soit terminé, les propriétaires doivent vérifier que le hayon est fermé et verrouillé avant de conduire.

Pourquoi votre véhicule fait-il l'objet d'un rappel?

Sous certaines conditions, l'eau peut s'infiltrer dans les hayons de ces véhicules et entrer en contact avec le contacteur électronique de déverrouillage du hayon, causant potentiellement un court-circuit. Le hayon peut se déverrouiller par inadvertance lorsque le véhicule est en position P (stationnement). Si le conducteur ne ferme pas le hayon manuellement avant de commencer à conduire, le chargement de la caisse du camion peut sortir du véhicule et devenir un danger sur la route, augmentant le risque de collision. Jusqu'à ce que le rappel soit terminé, les propriétaires doivent vérifier que le hayon est fermé et verrouillé avant de conduire.

Quelles mesures allons-nous prendre?

Votre concessionnaire General Motors remplacera les assemblages de contacteurs de pavé tactile extérieur. Ce travail sera effectué pour vous **sans frais**. En raison d'une possibilité d'achalandage accru au service après-vente, votre concessionnaire devra probablement garder votre véhicule plus longtemps que la durée réelle d'un entretien correctif de 30 minutes.

What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

Did you already pay for this repair?

Even though you may have previously had repairs for this condition, you will still need to take your vehicle to your dealer for additional repairs. If you have already paid for repairs for the recall condition, **and those repairs were completed prior to this mailing**, and you have not received reimbursement under a Vehicle Service Contract, you should contact your dealer to seek reimbursement. Please provide your dealer with the original or clear copy of all receipts, invoices and/or repair orders verifying the repair, the amount charged, proof of payment, the date of payment of those charges, and proof of ownership of the vehicle at the time of the repair.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact GM Canada Customer Care at 1-800-263-3777 (English and French service available).

Hours of operation: Monday to Friday (8:00am to 9:00pm) & Saturday (8:00am to 5:00pm) ET.

This letter identifies your vehicle. Presentation of this letter to your dealer will assist their Service personnel in completing the necessary correction to your vehicle in the shortest possible time. You can also check the status of any other possible recall and/or program for your vehicle at <https://experience.gm.ca/en/ownercenter/recalls>.

You may be contacted by a dealer other than the dealer who sold or is currently servicing your vehicle. Please be advised that you may take your vehicle to the General Motors dealership of your choice to have the recall service work completed.

The *Motor Vehicle Safety Regulations* require that if the vehicle's current owner has leased the vehicle, the owner shall send to the lessee a copy of the notice and any subsequent notice within 10 working days after the day on which the notice is received.

We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

Customer Care and Aftersales
General Motors of Canada Company
GM N232426400

Que devriez-vous faire?

Veillez communiquer avec votre concessionnaire GM pour prendre rendez-vous aussitôt que possible.

Avez-vous déjà payé pour cette réparation?

Même si vous avez déjà fait corriger ce problème, vous devez tout de même vous rendre chez votre concessionnaire pour faire effectuer d'autres réparations. Si vous avez déjà payé les frais de réparation pour corriger le problème de ce rappel et **que ces réparations ont été effectuées avant l'envoi de cet avis**, et que la somme ne vous a pas été remboursée en vertu d'un contrat d'entretien de véhicule, communiquez avec votre concessionnaire pour demander un remboursement. Veuillez présenter à votre concessionnaire les originaux ou une copie lisible de tous les reçus de paiement, des bons de réparation ou des factures indiquant la réparation effectuée et le montant facturé, une preuve de paiement comportant la date du paiement de ces frais et une preuve de propriété du véhicule au moment de la réparation.

Vous avez des questions?

Si vous avez des questions ou des préoccupations auxquelles votre concessionnaire ne peut répondre, veuillez communiquer avec le centre de service à la clientèle de GM Canada au 1 800 263-3777 (service offert en anglais et en français).

Heures d'ouverture : du lundi au vendredi de 8 h à 21 h (HE) et le samedi de 8 h à 17 h (HE).

La présente lettre contient tous les renseignements nécessaires à l'identification de votre véhicule. Remettez-la à votre concessionnaire pour que le personnel du service après-vente puisse remédier à la situation dans les plus brefs délais. Vous pouvez également vérifier l'état de tout autre rappel ou programme possible pour votre véhicule sur le site <https://experience.gm.ca/fr/ownercenter/recalls>.

Il se peut qu'un concessionnaire autre que le concessionnaire qui vous a vendu votre véhicule ou que celui qui en fait actuellement l'entretien communique avec vous. Sachez cependant que vous êtes libre de confier votre véhicule au concessionnaire General Motors de votre choix.

Selon le *Règlement sur la sécurité des véhicules automobiles*, l'exigence suivante doit être respectée : si le propriétaire actuel du véhicule a loué le véhicule, le propriétaire doit envoyer au locataire une copie de l'avis et tout avis ultérieur dans les dix jours ouvrables suivant la date de réception de l'avis.

Nous sommes désolés de tout inconvénient que cette situation pourrait vous causer. Nous tenons à vous assurer que votre sécurité et votre satisfaction à l'égard de nos produits nous tiennent à cœur.
