DESCRIPTION	AMOUNT
SET UP RETURN LINE MODE AND WHIP LINES	
COMPLAINT: Install dedicated compactor return line	
CAUSE: Customer requested rig up for compactor attachment	
CORRECTION: Inspected where to route hydraulics for compactor attachment. Can run pressure and return lines off extra thumb valve block. Removed BSP plug inside valve, made list for hoses, fittings etc for parts and got them to build hoses. Put together hoses/fittings, attached to valve block, torqued. Installed caps and plugs on hammerlock fittings. Hooked up laptop to unit, set compactor attachment to #2, set relief pressures, pump flow etc. Marked valves for proper closing/opening of valves to switch between thumb and compactor.
