3

Office use only

Your new registration will expire on 05 May 2026

What does the TAC do?

In Victoria the Transport Accident Commission (TAC) works to prevent accidents and support those who have been injured on our roads.

The TAC charge funds medical treatment, rehabilitation services, disability services, income assistance, travel and household support services to help you get your life back on track after a transport accident. Learn more at tac.vic.gov.au/TACcharge.

What does VicRoads do?

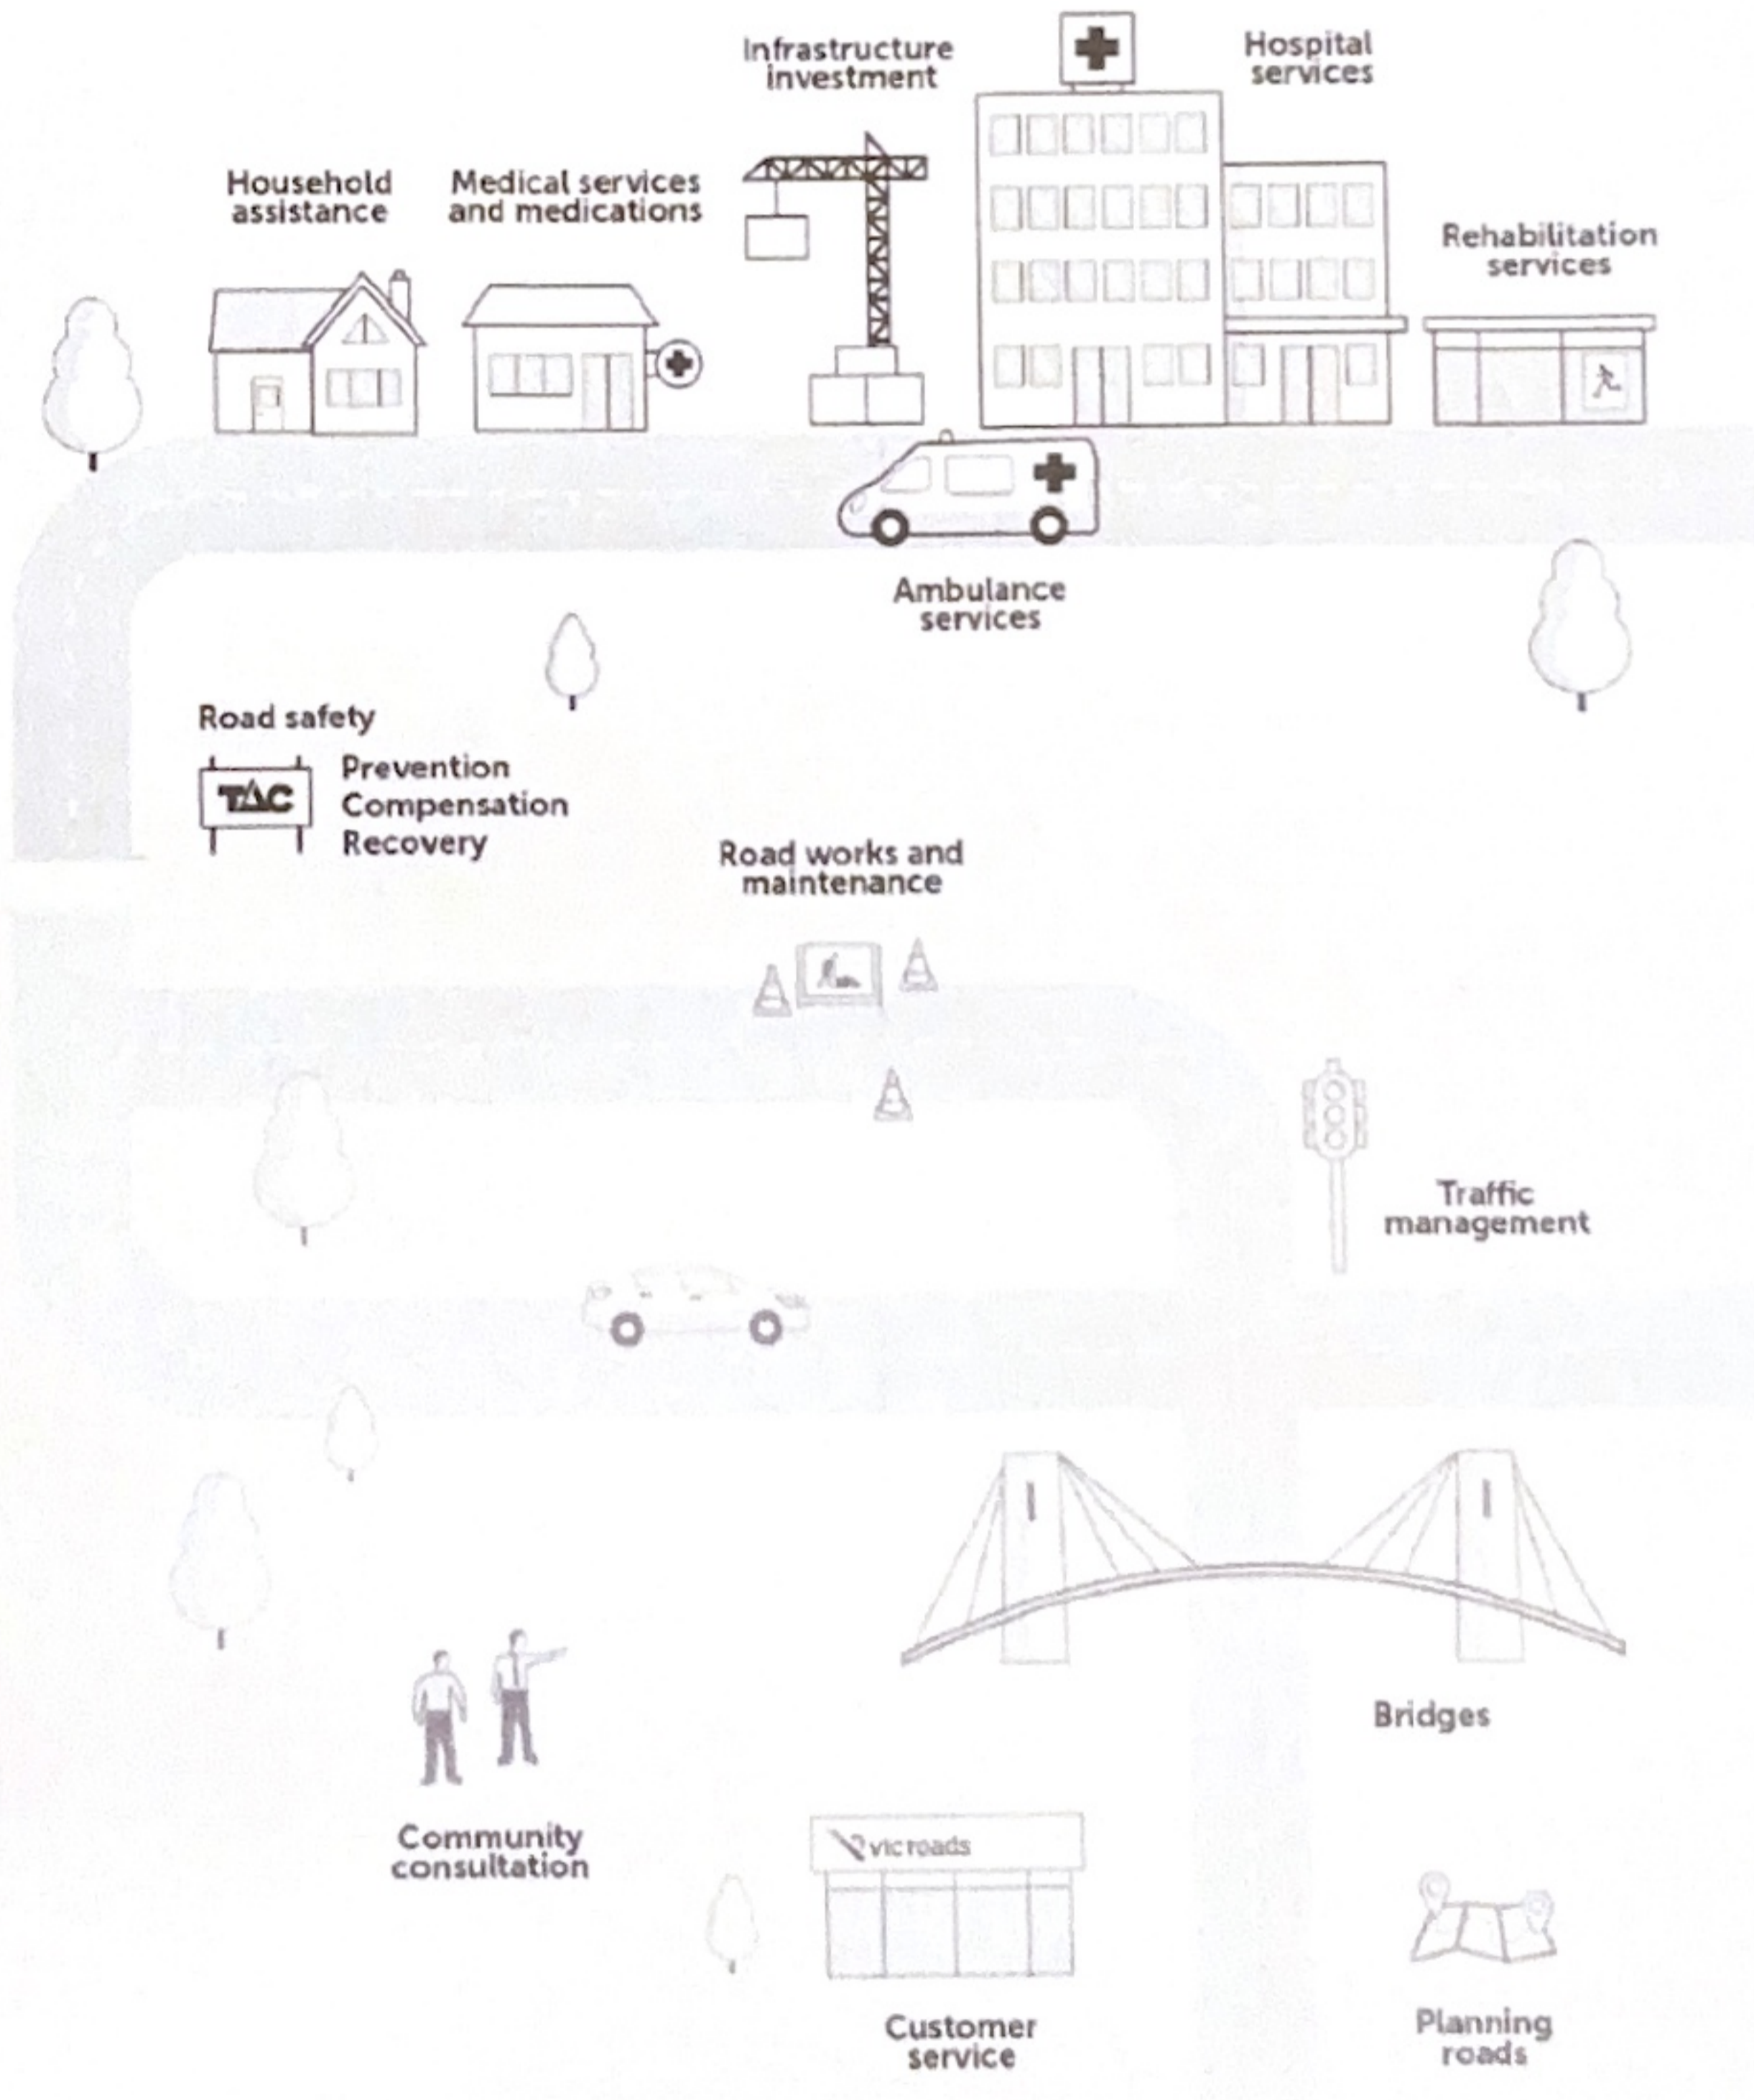

We exist to provide Victorians with safe and easy connections to the people and places that matter most to them.

Drive safely for everyone.

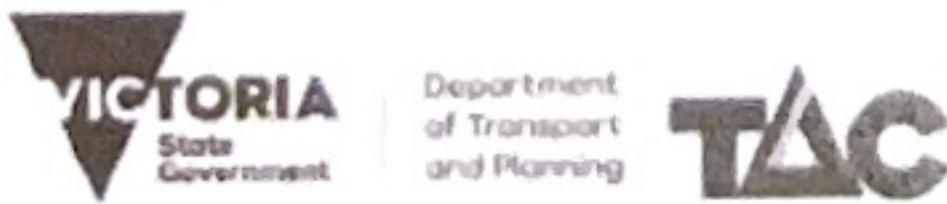

What we do on the roads and how we drive can have a serious impact on other road users and more importantly, our friends and families.

We all have something to look forward to when we get home. So when you're out on the road, be sure to stick to the speed limits and stay alert.

Let's be the reason everyone gets home safely. Visit tac.vic.gov.au/safedriving or scan the QR code for more driving tips to be safer on the roads.
