Topic: Ritchie Bros Auction – PT300 Primetech Mulcher SN#88105909

This Report outlines all the work done on this Mulcher from the company for 2026. This machine was invested into for our client's needs and for compliance with Industry standards.

Please see Report: Mulcher Investment 2026 ADC.

Key Notes:

- New Undercarriage system (Pads and Rollers) was done in the Winter of 2026.
- Summer of 2026 – A new Electrical harness was installed.
- Regular services – for Hydraulic Services – Lines were changed.
- The drum was balanced and aligned.
- New tooth Adapters and teeth.
- New Tilt Cylinders for drum housing.
- New belts and hydraulic pump for the drum.
- New Anvil in the Spring of 2026.
- New LH Drive motor components.
- New heater fan Motor in the summer of 2026

Please note:

We have spare parts such as Track Guard / Hoses / Tooth Adapters / Teeth / Belts for the drum / a couple rollers and these items will be on a separate pallet.

Thank you
