Make	Body shape		
Tristar	Dolly Trailer		

Our records indicate that a Certificate of Inspection (COI) for your vehicle is due on 01/12/2019. The owner of a registered COI vehicle must possess a current COI for the vehicle.

Failure to have a current COI can result in an on-the spot fine of 5 penalty units. You are encouraged to book an inspection early to allow time to repair any defects before your current COI expires.

- A vehicle that has a current COI may be inspected up to two months before the existing certificate expires. If so, the new certificate will not begin until the original certificate expires. If a COI vehicle is inspected after the original certificate expires the new certificate's expiry date will be calculated as if it commenced when the original certificate expired.
- To take advantage of the two month window of opportunity, please ensure you make a booking for an inspection as soon as possible. This will allow time for any identified defects to be repaired before the current COI expires.
- The following example shows how the two month window of opportunity does not affect the expiry date of the new COI.

Please note: If the vehicle does not have a current COI, the effective date will be the issue date.

Booking an inspection

- Online bookings can be made through the 'Book a vehicle inspection' Online Service at www.tmr.qld.gov.au.
*Payment is required at the time of booking.
- Phone bookings can be made by telephoning 13 23 90. Payments for phone bookings can be paid by credit card* at www.tmr.qld.gov.au or by other payment methods at a Department of Transport and Main Roads Customer Service Centre or Agency.

*Acceptable cards are MasterCard™ and Visa™. A credit card surcharge will apply.
