

LL63-1
MAY

Triple R Excavations Ltd.

Equipment Service Record; as of March 2026

Unit: 2008 CAT model 247B Compact Track Loader.

*Second owner.

*Install (Cat certified)crate engine shortly after purchase. (10/09/14)

*Replaced- rad hoses – muffler - turbo hoses - cooler core - alt/battery - hand throttle - cab air blwr mtr – track frame pivot bushings - some boggies & brgs. as required - final drive cages/rollers - final drives – travel motors – loader arm bushings - cab door - lockout bar strut.

*Recent service.

*Recent new Tracks – Quick Attach.- paint /decals.

Service Manual plus parts disc included

*Could use new foot throttle cable(sticking/lube?) – pilot controls – Still quite functional as it is.

*Will be selling the original engine/block as a core.** Cat never took cores at time of replacement. Contact for info.

*Did have a large inventory of service and spare parts that burnt in a recent shop fire. This plus a work slow down/ realignment reason for selling.
