

Date	Notes
23/07/2021	Dismantle and inspect and clean up bucket hub. Dismantle and reseal apron cylinder
23/07/2021	Manufacture tool for apron cylinder repair
30/07/2021	3,000Hrs service. Remove and reseal L/H front final drive. Retension wheel bolts
30/07/2021	Load equipment for 3000 hr service
30/07/2021	Escort not required. Proceed to Horseshoe for 3000hr service. Warm up tractor. Service machine. Rep
31/07/2021	3,000Hrs. Complete service. Replace eng dip stick
13/08/2021	Disassemble tilt cylinder. Purchase seals
14/08/2021	Replace seals in tilt cylinder
20/08/2021	Weld in boss & spacer to articulation
18/10/2021	3,053Hrs. Check and replace trans filter. Adjust clutch and sensor. Replace uni joint and test.
19/10/2021	Check laser transmitter. Supply battery etc for Jobsite
22/10/2021	Check machine over. Run diagnostic tests. Remove charge pump
23/10/2021	Disassemble charge pump. Load test equipment & another pump. Purchase trans filter
23/10/2021	Replace charge pump & trans filter. Check mains pressure. Check clutch modulation adjustment. Run m
02/11/2021	Load transmission for delivery to Delungra Ag & Auto.
04/11/2021	Replace trans filter
23/11/2021	Disconnect from bucket. Shift and load onto float. Escort to Workshop. Check trans electrical syste
24/11/2021	Remove seat and floor plates. Clean dirt from cab. Remove transmission
25/11/2021	3,117Hrs. Remove trans. Clean up parts and refit new trans.
26/11/2021	3,117Hrs. Repair holes in floor. Refit guards. Pressure test and test run
29/11/2021	Disassemble
29/11/2021	3,117Hrs. Remove hitch ass. Remove hyd hoses
30/11/2021	3,117hrs. Disassemble rear frame
01/12/2021	Cut out articulation pin
01/12/2021	Remove rear frames from 2 tractors and clean up parts. Look up and price parts
02/12/2021	Work on back chassis. Disassemble bottom pivot pin
03/12/2021	Purchase steel & shape to suit. Remove broken bars for replacement. Drain water tank and weld.
04/12/2021	Remove hyd hoses from control valve and clean up parts
04/12/2021	Weld repairs to fuel tank
08/12/2021	Remove hyd hoses and get made up. Remove bonnet and guards
08/12/2021	Disassemble parts. Gouge heads off pins. Weld repairs to bonnet
09/12/2021	Bonnet repair. Articulation bush removal & build up & machine steering joint mount
10/12/2021	Fit bearings and seals in top link. Remove rear tank articulation to McManus for repairs
10/12/2021	Clean up parts for painting
10/12/2021	Dismantle rear chassis. Move to McManus workshop with Quickhitch
14/12/2021	Deliver panels etc to Mal Clarks for painting
15/12/2021	Assemble rear frame and diff
15/12/2021	Repairs to articulation. Replace steering knuckle seals
16/12/2021	Fit cushion mount and tension bolts. Refit drive shafts. Reseal steering cylinders
16/12/2021	Locate and fit articulation boss (bottom). Order and pickup parts. Disassemble steering cylinder. P
17/12/2021	Locate and weld articulation boss. Connect front section to back. Tension pin. Order parts
17/12/2021	Reconnect frames and tension vertical pin
18/12/2021	Connect tractor halves. Pick up parts from McManus
18/12/2021	Connect rear frame and reshim
20/12/2021	Refit drive shafts and steering cylinder. Replace hyd hoses.
20/12/2021	Remove hydraulic hoses for replacement. Replace steering cylinders & hydraulic connections. Replace
20/12/2021	Change out driveline unis
21/12/2021	Replace hyd hoses. Replace hitch lines. Fill fuel tank and bleed system
21/12/2021	Continue work on #252. Refuel
22/12/2021	Straighten & weld cracks in step. Install. Source & fit solenoid. Escort to Keams Road
22/12/2021	Refit hyd hoses. Remove and replace trans solenoid. Test. Shift to Mal Clarks for painting
