Tyre size (front) Not Applicable	Tyre size (rear) 11R22.5		

Work Details

Description of vehicle work

BTT Engineering inspected a Vawdrey VB S3 Semi trailer which had been converted from a curtain-sider trailer to a flat-top trailer by Gray's Bendigo.

The work conducted followed good engineering practice. Remaining lighting compliance is as per the OEM design for ADR 13/... requirements. No sharp edges are present post modification which increase the risk of injury in the case of an impact with a pedestrian as per ADR 92/... Overall dimensions have been checked and confirmed to meet the requirements of ADR43/... The alteration does not negatively impact compliance with Australian Design Rules.

ADRs affected

13/..., 42/..., 43/..., 92/...

Modification codes

Date of inspection

12/02/2026 13:20

Place of inspection

Myers Flat

I Eddie Van Den Berg have inspected the above-mentioned vehicle and certify that the vehicle work I have approved has been carried out according to the requirements of the Standards for Registration under the *Road Safety (Vehicles) Regulations 2021*.

I certify the vehicle work I have approved has not adversely affected the vehicle's safety and compliance with the applicable ADRs. I hold the required supporting documentation and evidence for this certification, including any applicable drawings, specifications, analysis reports, calculations, test data or photographs on which this approval has been made.

I certify that a modification plate has been affixed to the vehicle and that the information and statements in this certificate are true and correct.
