Description	
-------------	--

Customer Request

- *Rough run - intermittent - injector cleaner has been helping
*Has been consuming coolant and also losing heat at times

Inspection Summary

- ^{g)}Hook up combustion gases tester - found that the fluid turned green - combustion gases are present in cooling system

Recommended

- *Remove cylinder head gaskets - declined
*Customer decided that based on the mileage of the current unit she would like to replace the engine
*Install complete engine - authorized

Work performed as requested, road tested and engine is performing well no leaks and no codes. Customer to have first oil change done within 1000k
