Notes To Review INSTALLED FORU TIRES ON THE TRAILER

With Customer: 85PSI

BEARING ARE GOOD WITH NO PLAY AND GREASED

Remember to rotate your tires every 5,000 miles for maximum mileage - and it's free!

Free air checks for the life of the tires.

Les Schwab electronically registers your tire purchase with the tire manufacturer at no charge to you, in accordance with NHTSA's tire registration requirements.

Your car may have a tire pressure monitoring system that uses a warning light to alert the driver of low tire pressure or system failure. Pursuant to NHTSA, Les Schwab must install all tire and wheel combinations with functioning TPMS sensors; including tires and custom wheels or winter tires and wheels. The TPMS light may illuminate after routine service and require additional action. We offer and recommend monthly air checks.

THANK YOU FOR YOUR BUSINESS
