<u>COMPLAINT:</u>					
Combine will not start					
<u>CORRECTION:</u>					
Got power in cab but engine wouldn't turn over.					
Set up battery charger and booster pack, still no crank.					
Checked power at starter, checked fuses. Was told machine					
was running in yard before running out of fuel. Checked					
battery voltage and electrical connections. Ordered new					
starter and battery disconnect.					
Diagnosed why lift pump would not work, traced it back to					
the relay no power. Jumped the lift pump power and primed					
the system and got the combine running.					
Starter and disconnect were returned.
