Retail

Segment notes:

location of unit 18228 Township Road 604

Pettibone Traverse lift
Model #254
Serial # CL-10115-12

Complaint:
Does not drive F or R

Correction:

Unit was dead and had to boost to get running.
Checked and found park brake switch working properly
When put transmission into reverse the back up beeper works. Found transmlsion coils getting power and clicking

Applying different coils in forward and reverse.
Reached out to tech support
Checked the clutch cut off switch and has been disabled so it shouldn't be a problem
Transmission oil level is above full
Removed transmission regulator and took apart and all looked good
Found no oil going to the regulator
Found no oil coming out of the charge pump
Suspect faulty transmission charge pump
Spoke with customer
Put unit back together
Take pictures of the pump
Email parts for price
