Schedule "A" – Products Warranty

WARRANTY OFFERED BY: This warranty (the "Warranty") applies to the sale of all goods, materials, equipment, parts and/or products ("Products") by Mach 6 Mechanical Ltd. and/or any of its respective affiliates or related entities from time to time (each a "Mach 6 Entity"). The specific Mach 6 Entity which will be bound by this Warranty with respect to the sale of any particular Products shall be the Mach 6 Entity which is a party to the relevant contract or purchase or service order with the customer (the "Customer") pursuant to which such Products are sold, and in this Warranty the term "Mach 6" means such specific Mach 6 Entity.

DEFECTS WARRANTED – THIRD PARTY MANUFACTURED PRODUCTS: For Products sold by Mach 6 which are manufactured by third party manufacturers ("Distributed Products"), Mach 6 will extend to the Customer the manufacturer's warranty for such Distributed Products in effect at the time of purchase, if any. Mach 6 will assist the Customer to secure the benefits of any applicable manufacturer's warranty when inspection proves the Distributed Products to be defective, all subject to the terms and conditions, including as to warranty length, that are contained in the manufacturer's warranty. Mach 6 does not provide any warranties or guarantees, express or implied, with respect to any such Distributed Products. For details regarding the terms and conditions of the manufacturer's warranty for any particular Distributed Products, please contact your Mach 6 representative.

Schedule "B" – Services Warranty

DEFECTS WARRANTED – SERVICES: Subject to the provisions set out in this Schedule "B", Mach 6 warrants that the Services will be performed in a good and workmanlike manner in accordance with a standard of care and skill exercised by competent service providers who would ordinarily provide services of the nature and type of the Services under similar conditions in the locality in which the Services are being performed on projects of type, size and complexity equivalent to the type, size and complexity of the project in respect of which the Services are being performed. If Mach 6 determines in its sole discretion that any Services (or part thereof) fail to conform with such warranty during the applicable warranty period, and that the terms and conditions of this Warranty have been satisfied, Mach 6, in its sole discretion, shall promptly repair or re-perform such Services (or part thereof) at Mach 6's expense, or refund the price thereof. The obligations of Mach 6 under this Warranty shall be strictly limited to re-performance of any Services which in Mach 6's sole opinion are defective at the time of performance thereof for the Customer or refund of the price thereof. This Warranty shall apply only to labour performed by Mach 6 on Customer's equipment or components ("Equipment") for which Mach 6 has solely provided service and which has been paid for by Customer. If Mach 6 elects to re-perform the Services subject to the warranty claim, the Customer shall be responsible for the removal and transportation of the Equipment to Mach 6's designated facility, provided that if the Customer requests that the re-performance be done at the Customer's site, the Customer will be responsible for the removal of the Equipment (or, if it is not possible to remove the Equipment it can remain in place) and Mach 6 will only cover the re-performance time spent on the site. All other expenses will be at the Customer's expense. Any required re-performance of Services shall be performed during Mach 6's normal business hours and if re-performance is required outside of normal business hours overtime rates shall apply and the Customer shall pay Mach 6's cost differential for the same. This Warranty is subject to the limitations, warranty period, exclusions and other terms and conditions set out herein.

Mach 6 Mechanical Ltd. reserves the right to charge a daily holding fee for units not picked up within 7 days of invoicing. This holding fee is \$150/day in the shop & \$75/day in it's yard.

You have agreed to leave all parts removed during diagnosis and repairs with Mach 6 for disposal by signing estimate or invoice.
