Item	Description	Quantity	Rate	Amount
------	-------------	----------	------	--------

PM: PRE-INSPECTION CHECKLIST**Cause:** Customer request

(PM)

Labor	Correction: Engine / Top End / Performed pre-inspection - Completed: 8/8/2025 - Assigned tech (s): Christian Schram	0.50000	\$160.00	\$80.00
Subtotal				\$80.00

Inspection

Labor	UNDER HOOD CHECKLIST: Items to check BEFORE any unit leaves the shop. - Assigned tech(s): Christian Schram	0.00000		\$0.00
Subtotal				\$0.00

Complaint: Service call to diagnose DEF light coming on causing derate on a deleted unit**Cause:** Customer request

Labor	Correction: Engine / Electrical / Once arrived on site, performed pre inspection and got a rundown of customer complaint by the customer himself, went to go start unit to see what the Emissions related code was, and unit would not start. it would crank, startup but not stay running. Talked to customer and he said it hadn't done that before, and this is a new problem. noticed fuel level was close to empty, topped up fuel, would not start, hooked up to unit with our computer to retrieve codes and the only codes pressure were emissions related re-rate codes none related to a no start. - Assigned tech(s): Christian Schram went over all fuses, went over all emissions wiring, went over the ACM, tried clearing codes but codes kept staying active. after trying all possible routes available talked to the customer and got approval to reflash the unit with our tune. worked with tuner to re-program unit. while hooked up to the unit noticed the file for previous delete was super scabby and not done properly. once reflashed unit DID start up right away multiple times. tested the loader/s power with the rock pit available on site. confirmed everything was good, informed customer and drove back to the shop.	7.50000	\$160.00	\$1,200.00
-------	---	---------	----------	------------

unit was left with one emission related code on the dash still after our delete,

confirmed with tuner and customer we would come back on a different date after tuner had time to work with the file - Completed: 8/11/2025

Subtotal **\$1,200.00**

Complaint: OFF ROAD, VARIOUS - (Case)

Cause: Customer request

Labor	Correction: Engine / Electrical / Worked with tuner to program unit on site, had to unplug all sensors and wiring to make units delete work. - Completed: 8/11/2025 - Assigned tech (s): Christian Schram	28.12500	\$160.00	\$4,500.00
			Subtotal	\$4,500.00
